Katie:

I've not received groundwater monitoring data from Leachfields A and B for Pineview Estates since September. Samples should have been collected, analyzed, and submitted to EPA for each of the following months: October, November and December. Could you please check to see if samples were collected/analyzed and, somehow, not reported to EPA. If you can not verify that the samples were ever collected for these months, please inform me of this as soon as possible. Thank you, Aaron
